Resolution no. 2012-046

Subject: the Vacation of portions of the unimproved public road established by the recording of the "HILLHURST" Plat, on May 18, 1892.

My wife and I own tax lots 8,9 & 10 of Tulamette Acres that border the Hillhurst right-of-way to the north.

We support the vacation of the proposed portions on the Hillhurst right of way. We agree with the County Engineer that it is in the best interest of the public to vacate the portions of Hillhurst as proposed. We further agree with the court ruling of case No. 0908-11521.

The terrain of the hillhurst rd. makes road construction cost prohibitive and would be environmentally detrimental as we found through our engineers when we tried to get access to tax lot #8. As land owners we could proceed with good forest practices. Vacation as proposed would keep out off- road-vehicles preventing erosion, vandalism, trespassing and drug related issues.

Vacation as proposed would save the county further legal costs and expenses.

Thank you
