General Information

1. What action are you requesting from the Board?

The Department of County Human Services recommends approval of budget modification DCHS11-26. This budget modification increases Aging and Disability Services Division (ADSD) fiscal year 2011 budget in the Oregon Project Independence (OPI) program by \$110,714. This funding brings the ADSD current budget into line with the Oregon State Seniors and People with Disabilities Division (SPD) fiscal year 2011 budget allocation.

2. Please provide sufficient background information for the Board and the public to understand this issue. Please note which Program Offer this action affects and how it impacts the results.

At the time the fiscal year 2011 budget was prepared, the state was anticipating a reduction in their general fund and, as a result, the state's Senior and People with Disabilities Division (SPD) funded OPI only through the end of February 2011. The additional funding received will fund the program from March 2011 through June 2011, although at reduced levels from prior years.

The OPI grant supports the goal of Program Offer #25020A – Access and Early Intervention Services and the program's budget is increased by \$110,714. The Oregon Project Independence grant provides in-home services to seniors who require the same level of care as people in nursing homes, but who typically do not qualify for Medicaid. The grant serves individuals who are age 60 and older or individuals who have been diagnosed with Alzheimer's disease or a related disorder.

3. Explain the fiscal impact (current year and ongoing)

Increased funding allows ADSD to continue providing case management and in-home services until the end of this fiscal year, June 30, 2011. ADSD expects this grant to continue at the same funding level in the future. The grant is continuously renewed with each State biennium allocation at the established annual allocation amount.

4. Explain any legal and/or policy issues involved.

5. Explain any citizen and/or other government participation that has or will take place.

- **Is the revenue one-time-only in nature? Will the function be ongoing? What plans are in place to identify a sufficient ongoing funding stream?**

The Oregon Project Independence grant is on-going. ASD anticipates that, in the future, this grant will continue to be funded at the same level and continuously renewed with each State biennium at the established annual allocation amount.
- **If a grant, what period does the grant cover? When the grant expires, what are funding plans? Are there any particular stipulations required by the grant (i.e. cash match, in kind match, reporting requirements etc)?**
