

Joining Community Forces Recognition Program

Why Become a Joining Community Forces (JCF) Community?

Since 9/11, thousands of Oregonians have served our country. By developing a JCF Steering Committee and partnering with local military leaders, a commitment is made to action. Communities unite to honor, support and embrace those affected by military deployments and our returning veterans. The outward showing of support enables successful transition all the way home and strengthens the partnership with local military entities, Service Members, Veterans, and their Families. The community's effort transcends the military to any group in need and builds a stronger, more compassionate community. Communities are recognized as a Joining Community Forces Community through a Community Covenant signing ceremony.

How to Become a Joining Community Forces Community?

In partnership with a Joining Community Forces Steering Committee, each key community area will develop a sustainable Action Plan demonstrating their commitment to Service Members, Veterans, and Military Families. The community will identify and connect leaders in key areas across the community, leverage existing support activities, meet specific needs of Service Members, Veterans, and Military Families, to build awareness and commitment throughout the community to take action.

JCF Community Key Areas:

- **County/City Leadership**
